

Cutting Line

Directions

1. Trace cutting line of pattern onto paper to make your pattern. Match A to A and B to B to make a one piece pattern of a body outline.
2. Cut out two doll bodies.
3. With right sides together, using a 1/4" seam allowance and small stitches, sew around the body, leaving one side open as marked on the pattern.
4. Clip all curves. Turn.
5. Stuff firmly, but not so tightly that the doll's limbs cannot move. Hand stitch the opening closed.

Supplies: 12" x 17" piece of tracing paper (for your pattern) & a pencil
 1/3 yard of 38" or 45" woven cotton or poly/cotton in a skin tone
 We need a VARIETY of beige, tan and brown tones. Tea dying and using brown and tan shades of RH-type dye is fine. Choose even (not mottled) colors that look like healthy skin tones. The color should be light enough that permanent fabric markers will show on it.
 Sewing thread to match fabric
 Polyester stuffing
